International: (352) 323-3500

### Section 2. Hazards identification

| OSHA/HCS status                            | : While this material is not considered hazardous by the OSHA Hazard Communication Standard (29 CFR 1910.1200), this SDS contains valuable information critical to the safe handling and proper use of the product. This SDS should be retained and available for employees and other users of this product. |
|--|--|
| Classification of the substance or mixture | : Not classified.  |
| GHS label elements                         |  |
| Signal word                                | : No signal word.  |
| Hazard statements                          | : No known significant effects or critical hazards.  |
| Precautionary statements                   |  |
| Prevention                                 | : Not applicable.  |
| Response                                   | : Not applicable.  |
| Storage                                    | : Not applicable.  |
| Disposal                                   | : Not applicable.  |
| Hazards not otherwise classified           | : None known.  |

identification

### Section 3. Composition/information on ingredients

# Substance/mixture Other means of

- : Mixture
- : Not available.

| Ingredient name | %   | CAS number |
|-----------------|-----|------------|
| Tin             | ≥90 | 7440-31-5  |
| Rosin           | ≤3  | 65997-06-0 |
| copper          | ≤1  | 7440-50-8  |
| silver          | ≤1  | 7440-22-4  |

Any concentration shown as a range is to protect confidentiality or is due to batch variation.

There are no additional ingredients present which, within the current knowledge of the supplier and in the concentrations applicable, are classified as hazardous to health or the environment and hence require reporting in this section.

Occupational exposure limits, if available, are listed in Section 8.

### Section 4. First aid measures

#### Description of necessary first aid measures

| Eye contact  | <ul> <li>Immediately flush eyes with plenty of water, occasionally lifting the upper and lower<br/>eyelids. Check for and remove any contact lenses. Get medical attention if irritation<br/>occurs.</li> </ul>   |
|--------------|---|
| Inhalation   | : Remove victim to fresh air and keep at rest in a position comfortable for breathing. Get medical attention if symptoms occur.   |
| Skin contact | <ul> <li>Flush contaminated skin with plenty of water. Remove contaminated clothing and<br/>shoes. Get medical attention if symptoms occur.</li> </ul>  |
| Ingestion    | : Wash out mouth with water. Remove victim to fresh air and keep at rest in a position comfortable for breathing. If material has been swallowed and the exposed person is conscious, give small quantities of water to drink. Do not induce vomiting unless directed to do so by medical personnel. Get medical attention if symptoms occur. |

| Most important symptoms/effects, acute and delayed |   |  |  |  |
|--|---|--|--|--|
| Potential acute health effects                     | 5   |  |  |  |
| Eye contact  | : No known significant effects or critical hazards. |  |  |  |
| Inhalation   | : No known significant effects or critical hazards. |  |  |  |
| Skin contact                                       | : No known significant effects or critical hazards. |  |  |  |
| Ingestion  | : No known significant effects or critical hazards. |  |  |  |
| Over-exposure signs/symptoms                       |   |  |  |  |
| Eye contact  | : No specific data.                                 |  |  |  |
| Inhalation   | : No specific data.                                 |  |  |  |
| Skin contact                                       | : No specific data.                                 |  |  |  |
| Ingestion  | : No specific data.                                 |  |  |  |

#### Indication of immediate medical attention and special treatment needed, if necessary

| Notes to physician         | : Treat symptomatically. Contact poison treatment specialist immediately if large<br>quantities have been ingested or inhaled. |
|----------------------------|--|
| Specific treatments        | : No specific treatment.   |
| Protection of first-aiders | : No action shall be taken involving any personal risk or without suitable training.   |

#### See toxicological information (Section 11)

# Section 5. Fire-fighting measures

| Extinguishing media                            |   |
|--|---|
| Suitable extinguishing media                   | : Use an extinguishing agent suitable for the surrounding fire.   |
| Unsuitable extinguishing media                 | : None known.   |
| Specific hazards arising from the chemical     | : No specific fire or explosion hazard.   |
| Hazardous thermal decomposition products       | : Decomposition products may include the following materials: metal oxide/oxides  |
| Special protective actions for fire-fighters   | : Promptly isolate the scene by removing all persons from the vicinity of the incident if there is a fire. No action shall be taken involving any personal risk or without suitable training. |
| Special protective equipment for fire-fighters | : Fire-fighters should wear appropriate protective equipment and self-contained breathing apparatus (SCBA) with a full face-piece operated in positive pressure mode.                         |

### Section 6. Accidental release measures

| Personal precautions, protect  | tive equipment and emergency procedures   |
|--------------------------------|---|
| For non-emergency<br>personnel | No action shall be taken involving any personal risk or without suitable training.<br>Evacuate surrounding areas. Keep unnecessary and unprotected personnel from<br>entering. Do not touch or walk through spilled material. Put on appropriate personal<br>protective equipment.  |
| For emergency responders       | : If specialized clothing is required to deal with the spillage, take note of any information in Section 8 on suitable and unsuitable materials. See also the information in "For non-emergency personnel".   |
| Environmental precautions      | : Avoid dispersal of spilled material and runoff and contact with soil, waterways, drains and sewers. Inform the relevant authorities if the product has caused environmental pollution (sewers, waterways, soil or air).   |
| Methods and materials for co   | ontainment and cleaning up  |
| Small spill                    | <ul> <li>Move containers from spill area. Vacuum or sweep up material and place in a<br/>designated, labeled waste container. Dispose of via a licensed waste disposal<br/>contractor.</li> </ul>   |
| Large spill                    | : Move containers from spill area. Prevent entry into sewers, water courses, basements or confined areas. Vacuum or sweep up material and place in a designated, labeled waste container. Dispose of via a licensed waste disposal contractor. Note: see Section 1 for emergency contact information and Section 13 for waste disposal. |

# Section 7. Handling and storage

| Precautions for safe handlin                                       | g  |  |   |   |   |                            |
|--|--|--|---|---|---|----------------------------|
| Protective measures  | : Put on app   | propriate personal protect   | ive equipment (see S  | ection 8).  |   |                            |
| Advice on general occupational hygiene                             | handled, s<br>drinking ar  | nking and smoking should<br>tored and processed. We<br>nd smoking. Remove cor<br>ating areas. See also See   | orkers should wash h<br>Itaminated clothing a   | ands and face<br>nd protective e  | before eat<br>quipment b                              |                            |
| Conditions for safe storage,<br>including any<br>incompatibilities | direct sunli<br>(see Section<br>ready for u<br>upright to p<br>containme | cordance with local regul<br>oph in a dry, cool and wel<br>on 10) and food and drink<br>se. Containers that have<br>prevent leakage. Do not<br>int to avoid environmental<br>pefore handling or use. | l-ventilated area, awa<br>Keep container tigh<br>been opened must b<br>store in unlabeled cor | y from incomp<br>ntly closed and<br>be carefully res<br>ntainers. ### Section 13. Disposal considerations

| Disposal methods | : The generation of waste should be avoided or minimized wherever possible. Disposal of this product, solutions and any by-products should at all times comply with the requirements of environmental protection and waste disposal legislation and any regional local authority requirements. Dispose of surplus and non-recyclable products via a licensed waste disposal contractor. Waste should not be disposed of untreated to the sewer unless fully compliant with the requirements of all authorities with jurisdiction. Waste packaging should be recycled. Incineration or landfill should only be considered when recycling is not feasible. This material and its container must be disposed of in a safe way. Empty containers or liners may retain some product residues. Avoid dispersal of spilled material and runoff and contact with soil, waterways, drains and sewers. |
|------------------|--|
|------------------|--|

## Section 16. Other information

#### Hazardous Material Information System (U.S.A.)

Reprinted with permission from NFPA 704-2001, Identification of the Hazards of Materials for Emergency Response Copyright ©1997, National Fire Protection Association, Quincy, MA 02269. This reprinted material is not the complete and official position of the National Fire Protection Association, on the referenced subject which is represented only by the standard in its entirety.

Copyright ©2001, National Fire Protection Association, Quincy, MA 02269. This warning system is intended to be interpreted and applied only by properly trained individuals to identify fire, health and reactivity hazards of chemicals. The user is referred to certain limited number of chemicals with recommended classifications in NFPA 49 and NFPA 325, which would be used as a guideline only. Whether the chemicals are classified by NFPA or not, anyone using the 704 systems to classify chemicals does so at their own risk.

#### Procedure used to derive the classification

|                                | Justification  |  |  |  |
|--------------------------------|--|--|--|--|
| Not classified.                |  |  |  |  |
